

*Working together so
that children
receive the right
services, at the right
time, in the right
amounts.*

We partner with hospitals, physicians, local government agencies and community providers to improve the health of the community and the care available for children in Jefferson, Lewis and St. Lawrence counties.

Children's Health Home of the North Country

**Comprehensive Care Management to
assist children (and their families) in
managing both their physical and be-
havioral health needs.**

*Where Care Comes
Together*

Who can receive services?

To meet **Eligibility** and become enrolled in the Health Home, your child must have **two or more Chronic Conditions**, such as, but not limited to:

- Alcohol or substance abuse
- Mental health condition
- Cardiovascular disease (e.g. Diabetes)
- Respiratory disease (e.g. Asthma)
- Obesity BMI>25

Or have one of the following Chronic Conditions:

HIV/AIDS - Complex Trauma - SED
(Severe Emotional Disturbance)

For a complete list of Chronic Conditions, visit the DOH Website:

<http://www.health.ny.gov/>

What is a Health Home?

A “Health Home” is not a place. It is a group of health care and service providers working together to make sure that your child gets the care and services they need to stay healthy.

The **Goal** is to ensure children with Medicaid who have complex physical and/or behavioral health conditions get access to appropriate care and services.

The Health Home partners with other children’s service agencies that provide **Care Management** to enrolled children.

A dedicated **Care Manager** is assigned to the child and is responsible for coordinating all of their health services. The Care Manager helps the child and family understand their chronic condition, manage their symptoms and ensure that all treatment team partners involved with the child are working together.

Visit our Website to view some success stories.

Benefits of Health Care Management?

It can be confusing and overwhelming to navigate through the many types of services that may be available to your child.

If you ‘ve had difficulty getting access to services, making appointments or have faced a crisis with your child’s condition and had no one to call for assistance, you can find help now.

Get the information and confidence to be an informed partner in making decisions to improve your child’s health.

Health Home care management can help you with all of those things.

Call our toll free number and connect with a Care Manager today to find out more!
